

THUSIA SEVENTH DAY ADVENTIST CHURCH

VIRTUAL BAPTISMAL CERTIFICATE

"He that believes and is baptized, the same shall be saved." Since the Corona virus global pandemic many nations have enacted laws to save public health, among these is the banning of church gatherings on a temporary basis. Without church meetings, we have resorted to preaching sermons on Facebook and on Zoom, that reaches so many people in different countries of the world. Some people have called and expressed the desire to be baptized both domestic and abroad. Since we are currently incapable of having literal baptism due to government restrictions, we have decided to have baptisms later, when the physical opportunity returns. In the mean time we have decided to put out a virtual on-line baptismal certificate stating the beliefs the person has accepted, and a promise and declaration that, indeed, this person will be baptized in the future. All one has to do if he or she so desires to get baptized in the future is to read the declaration of the faith we have put out currently, and if he believes it then he can put his name to the area to be signed in this document. This we will accept as a testimony that he has accepted the Faith of Thusia Seventh Day Adventists, and has joined it by expressing his desire to be baptized. His name will be stored up as a person who will be baptized in the future.

I do testify that I accept Jesus as my Savior who has justified me by changing me, and made me sinfree to blot out all my past sins in the Judgment. I will be keeping all the Commandments of God including the Seventh Day Sabbath as a disciple of the Faith with the promise to preach it in this world in faithfulness and sinfree discipline until the end.

Name: _____

This has been authorized by Br. Nyron Medina and Sis. Anesia Baptiste of the Thusia SDA Church.
